Attended- Leesa Abahuni, Nicole Abahuni, James Andrews, Daniel Blochwitz, Eliza Fernbach, G.H. Hovagimyan, Thomas Hutchison, Jaoa Salema, Raphaele Shirley, Lee Wells

Group discussed anti-xmas show. Lee talked about space at Art Basel Miami as not yet fixed, G.H. says that Postmasters has said maybe but it's for in between xmas & New Years. Various types of printing strategies discussed such as offset printing and G.H. has large format printer. Also discussed making lightboxes with acetate prints. Raphaele invites group to her loft on November 15th to do a collaborative poster creation party. Bring stuff to glue down and computers, files etc.. Raphaele will confirm date & location. Conclusion is to go ahead and do collaborative piece. Also Lara had said she might go down to Miami-- needs more confirmation. Also Eliza suggested a "fake" postering campaign in which the group claims to have pasted up posters all over New York and perhaps dummy up some photoshop documentation as proof.

Whitney Museum Highline proposals discussed; James presents NSUMI package of interesting and funny proposals. Group decides to get serious and have next meeting in 3 (November 20th) weeks be a proposal meeting. Members are asked to bring proposals to share and work on. GH suggests to be as loose and creative as possible. Overview is to bind together all proposals with an overview letter and give to Whitney for consideration.

Website design preliminary discussion with GH asking all members to come and help him with design. Design criteria has been layed out by Lee in the email discussions:
